Comments:
This comment relates to the Durham/Orange County (NC) Light Rail project.  I object to the planned Farrington Road ROMF facility because it will impede traffic flowing between US15/501 and NC54.  Farrington Road is one of only two significant roads that connect the two main thoroughfares in Durham: US15/501 and NC54. The other (Garrett—Road) is already overcrowded with traffic. The planned ROMF would permanently prevent Farrington Road from being widened to 4 lanes. This would happen at the same time as hundreds of additional homes are built in the vicinity with thousands more to come in the future. Moreover, crossing—trains would close Farrington Road every 10 minutes.
